REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS TO THE UNIT HOLDERS OF QNB DEBT FUND

Introduction

We have reviewed the accompanying interim condensed financial statements of QNB Debt Fund (the “Fund”) as at 30 June 2022, comprising of the interim statement of financial position as at 30 June 2022 and the related interim statements of comprehensive income, interim statements of changes in net assets attributable to the unit holders and the interim statement of cash flows for the three and six month period then ended and the related explanatory notes. The Fund Manager (the “Management”) is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Financial Reporting Standard IAS 34 - *Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements of the Fund are not prepared, in all material respects, in accordance with IAS 34.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The accompanying interim condensed financial statements are prepared in accordance with IAS 34 - "Interim Financial Reporting". These interim condensed financial statements should be read in conjunction with the 2021 annual financial statements of the Fund.

The interim condensed financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards. In addition, results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

The preparation of the interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2021.

The interim condensed financial statements have been prepared on a historical cost basis, except for financial assets at fair value through profit or loss, which have been measured at fair value.

The interim condensed financial statements have been presented in Qatari Riyals ("QR"), which is the functional and presentational currency of the Fund.
